GOODWILL DIGITAL CAREER ACCELERATOR®

INTRO COURSES DESCRIPTIONS

Goodwill®, the United States' leading workforce development nonprofit, is committed to equipping more than one million people - including people with disabilities and disadvantages, youth, older workers, veterans and military families, and people who are transitioning back into society — with the digital skills they need to advance their careers.

Basic Computer Skills

This workshop is for individuals that have limited experience with computers and need a basic introduction to computer parts and functionalities. Learn how to maneuver a mouse, use the shift key to highlight text, and manipulate the keyboard.

	February	March	April	May
Westmoreland -	7, 14, 21 (9a - 12p)	7, 14, 21 (9a - 12p)	4, 11, 18 (9a - 12p)	2, 9, 16 (9a - 12p)

FIRST LEVEL IT CERTIFICATIONS AND PROFESSIONAL CERTIFICATES COURSE DESCRIPTIONS

Students receive digital skills training for necessary entry-level IT certifications and professional certificates. These entry level digital career certification courses are considered steppingstones into advanced digital careers.

>> Virtual CompTIA A+

This first-level IT certification course is the industry standard for establishing a career in IT and is the preferred qualifying credential for technical support and IT operational roles. IT pros with CompTIA A+ have jobs like IT support specialist, IT field service technician, desktop support analyst and help desk tier 2 support. The certification requires passing two exams (Core 1 and Core 2) and covers installing, maintaining, customizing, and operations, personal computers, networking technology, troubleshooting operations systems, mobile software, network security and more.

Participants meet virtually via Microsoft Teams

February
7th - 24th
Mon - Thurs
9 am - 12 pm

March
7th - 24th
Mon - Thurs
9 am - 12 pm

>> Virtual ITIL 4

This first-level certification course introduces ITIL4 foundation concepts and enables candidates to understand IT service management for thecreation, delivery, and continual improvement of tech products. This certification is for individuals interested in a career in IT service management.

Participants meet virtually via Microsoft Teams

MOS Word	MOS Excel
February 7th - 24th Mon - Thurs 9 am - 12 pm	**March** 7th - 24th Mon - Thurs 9 am - 12 pm

MOS PowerPoint	MOS Word
April 4th - 21st Mon - Thurs 9 am - 12 pm	**May** 2nd - 19th Mon - Thurs 9 am - 12 pm

>> Microsoft Office Specialist Associate

This certificate will certify individuals as a Microsoft Office Specialist Associate with proficiency in Word, Excel, and PowerPoint. The certification requires passing of three exams. The Word exam measures competency in the correct application of the principal features of Word. The Excel exam measures competency in the fundamentals of creating and managing worksheets and workbooks, creating tables, applying formulas and functions, and creating charts and objects. The PowerPoint exam measures competency to create, edit, and enhance presentations and slideshows, including the ability to create and manage presentations, insert, and format shapes and slides, create slide content, apply transitions and animations, and manage multiple presentations.

>> AWS Cloud Practitioner

The AWS (Amazon Web Services) Certified Cloud Practitioner certification is intended to prepare individuals with the knowledge and skills necessary to effectively demonstrate an overall understanding of the AWS Cloud. In this certification course, participants will learn to define AWS, describe the basic global infrastructure of the AWS Cloud, explain the AWS shared responsibility mode in addition to other concepts related to cost-benefit, pricing, and security services within the AWS Cloud.

Participants meet virtually via Microsoft Teams

9 am - 12 pm

Google Professional Career Certificate Program

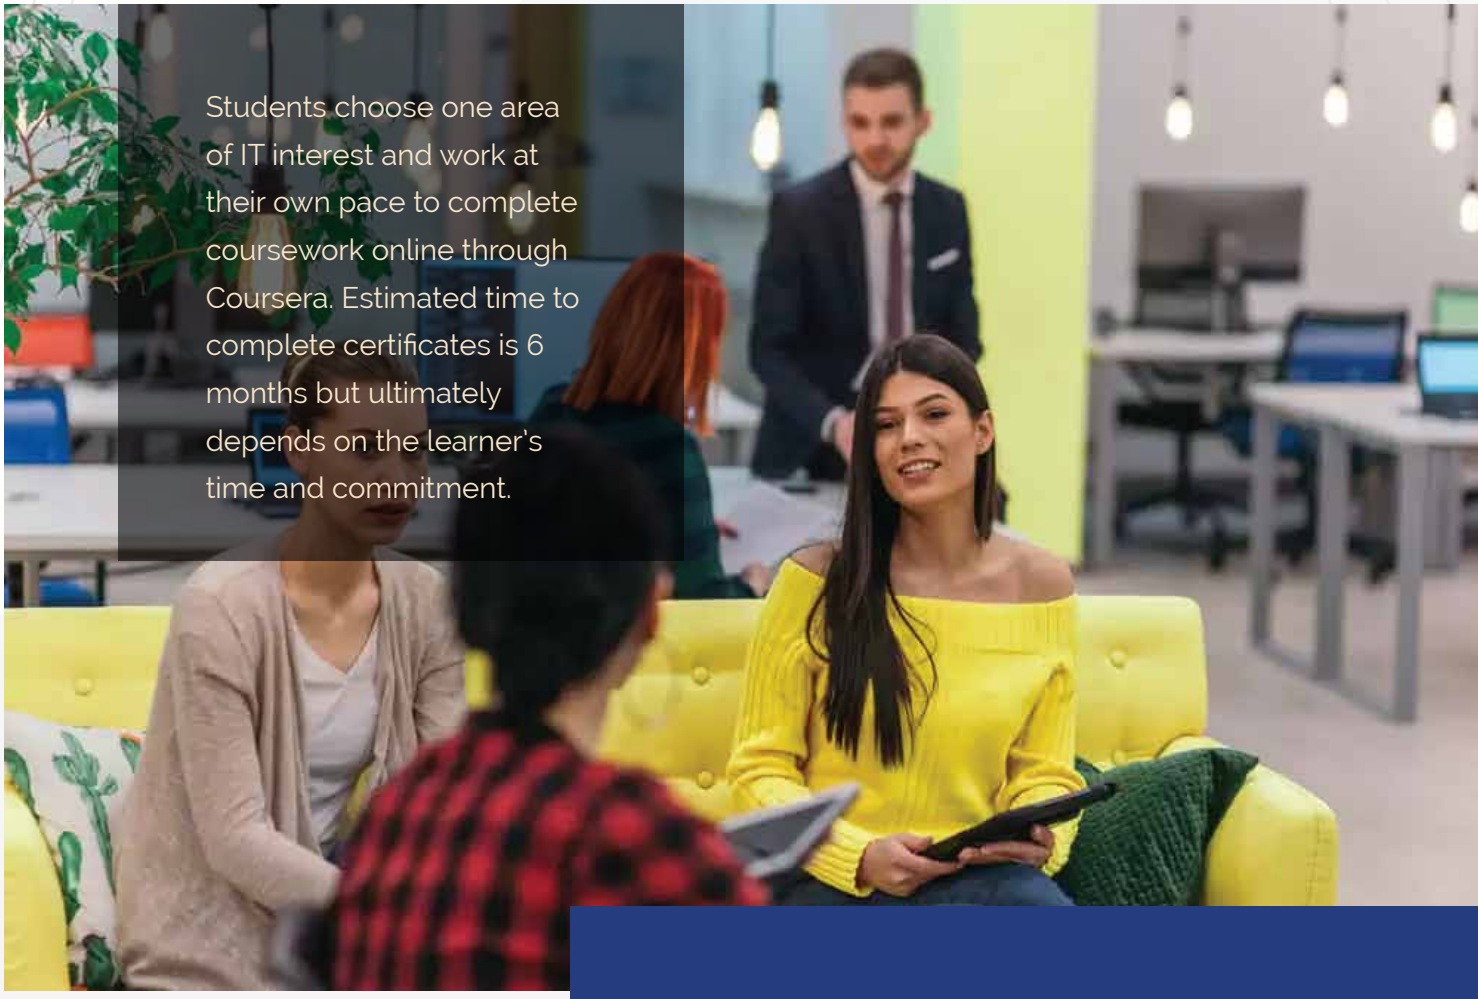
Students choose one area of IT interest and work at their own pace to complete course-work online through Coursera. Estimated time to complete certificates is 6 months but ultimately depends on the learner's time and commitment.

Google Data Analytics Professional

oPrepare for an entry-level job as a data analyst. In this program, you'll learn how to collect, transform, and organize data to help draw new insights and make informed business decisions. This is for you if you enjoy working with numbers, uncovering trends, and visualizations.

Google UX Design Professional

Prepare for an entry-level job as a UX designer. In this program, you'll learn the foundations of UX design, how to conduct user research, and design prototypes in tools like Figma and Adobe XD. This is for you if you enjoy thinking creatively, design, and research.



Students choose one area of IT interest and work at their own pace to complete coursework online through Coursera. Estimated time to complete certificates is 6 months but ultimately depends on the learner's time and commitment.

Google IT Support Professional

Prepare for an entry-level job as an IT support specialist. In this program, you'll learn the fundamentals of operating systems and networking, and how to troubleshoot problems using code to ensure computers run correctly. This is for you if you enjoy solving problems, learning new tools, and helping others

Google Project Management Professional

Prepare for an entry-level job as a project manager. In this program, you'll learn how project managers successfully start, plan, and execute a project using both traditional and agile project management approaches. This is for you if you enjoy solving problems, working with people, and organization.

Google IT Automation Professional

This is an advanced program for learners who have completed the Google IT Support Professional Certificate. This is for you if you want to build on your IT skills with Python and automation
